

## NATIONAL ACCREDITATION PROGRAM FOR BREAST CENTERS

### Carolina Breast Cancer Center

The Carolina Breast Cancer Center is primarily composed of four private community medical practices that have joined together to deliver a coordinated, multidisciplinary team approach to breast cancer treatment. The practices are:

- Carolina Breast & Oncologic Surgery
- Physicians East - divisions of Hematology / Oncology and Radiology
- Carolina Radiation Medicine - a division of 21st Century Oncology
- and Greenville Pathology

The physicians of the CBCC have been serving the community for many years and have developed a unified working relationship as well as a reputation for excellent patient care. The center was created in 2008 and is the first of its kind here in eastern North Carolina. It receives referrals from Pitt and all of the surrounding counties. The physicians focus their skills on the diagnosis, evaluation and treatment of breast diseases.
