

## NATIONAL ACCREDITATION PROGRAM FOR BREAST CENTERS

### SENTARA LEIGH COMPREHENSIVE BREAST CENTER Sentara Leigh Hospital

Sentara Leigh Comprehensive Breast Center provides cutting edge diagnostic tools and treatment options for women and patients with breast cancer. High quality digital mammography is available at our main center and throughout the community in our Mobile Mammography Unit.

Healthcare providers from many areas are part of the cancer care team, offering the highest quality care and support through the entire treatment process. Our Nurse Navigator provides education and resources, for our breast cancer patients, and is a consistent point of contact to address any questions or concerns.

Sentara Leigh Comprehensive Breast Center's multidisciplinary approach reassures patients, who are diagnosed with breast cancer, that their care is being reviewed by several different experts. Each new breast cancer case is reviewed prospectively to get the latest and most comprehensive treatment recommendations from experts in each field of Oncology.

Sentara Leigh Comprehensive Breast Center offers a calm, patient-centered environment to make breast healthcare as easy and comfortable as possible. We believe in educating and empowering our patients to be active members of their care team.
